Professional Summary

ISTQB Certified Software Testing Engineer with hands-on experience in manual, API, and automation testing. Proficient in test case design, execution, and defect reporting. Skilled in web automation using Selenium with Java and experienced in Agile methodologies using JIRA. Strong analytical and problem-solving skills with a commitment to enhancing software quality and optimizing test processes.

Education

Benha University

Bachelor of Science in Computer and Artificial Intelligence (Information Systems)

Graduated: 07/2022

Professional Experience

AMIT Learning Institute – Software Testing Engineer

📅 11/2024 – Present

- Conducted manual and automation testing on CRM systems LMS.
- Designed, executed, and optimized test cases to improve software quality.
- Developed automation scripts using Java, Selenium 4, TestNG, and Cucumber.
- Led testing of HR hiring workflow, ensuring approval level accuracy, employee profile verification, and task management validation.
- Collaborated with developers, business analysts, and product managers in an Agile environment using JIRA and Xray.

GBG Global Brands Group – Software Tester

📅 07/2024 – 11/2024

- Designed and optimized test cases to improve manual testing success.
- Executed manual test cases.
- Identified and reported critical software defects to enhance product quality.
- Collaborated with cross-functional teams using Azure for issue tracking and Agile management.

Ibn Masr / Nos Dasta – Technical Support Specialist

 12/2023 – 06/2024

- Provided technical support for IT systems.
- Resolved hardware and software-related technical issues.
- Assisted in maintaining and repairing IT infrastructure.

Projects

- nopCommerce Project https://github.com/MahmodHelal/Amit_52proj
 - Automated testing using Selenium Java, Cucumber, and TestNG.
- Swinji Project <https://github.com/MahmodHelal/Web-Testing-project>
 - Automated web testing using Java, Selenium, and TestNG.
- Swag Labs Project – Developed automated test scripts for UI testing.

CRM Automation Testing Project

GitHub: [CRM-Automation-Test](#)

- Developed an **automation testing framework** using **Java, Selenium WebDriver, TestNG, and Cucumber**.
- Automated key workflows of a **CRM system**, including **HR hiring processes, multiple approval levels, employee profile verification, and task management validation**.
- Implemented **Page Object Model (POM)** to enhance maintainability and scalability of test scripts.
- Designed and executed **data-driven tests** to improve test coverage.

Technical Skills

Manual Testing

- **Test case design, execution, and optimization**
- **Defect tracking and bug reporting using JIRA**
- **Strong debugging skills for troubleshooting and defect resolution**
- **Identifying edge cases and potential risks early in the testing process**
- **Understanding of Software Development Life Cycle (SDLC) and Agile/Scrum methodologies**

Automation Testing

- **Programming: Proficient in Java for developing and executing automated tests**
- **Automation Tools: Experience with Selenium WebDriver, TestNG, and Cucumber for UI and functional automation**
- **Developing robust and maintainable test automation frameworks**
- **Identifying and automating regression test cases to improve test efficiency**

API Testing

- **Experience in API testing using Postman (REST and SOAP APIs)**
- **Validating API responses, request parameters, and performance testing**

Database Testing

- **Proficient in SQL for database validation, writing queries, and data integrity checks**
- **Ensuring accurate backend data processing and consistency**

Tools & Technologies

- **Test Management & Bug Tracking: JIRA**
- **Automation Tools: Selenium WebDriver, TestNG, Cucumber**
- **API Testing Tools: Postman**
- **Databases: SQL**

Certifications

- ISTQB Certified Foundation Level V4 – 240722044
- Software Testing Diploma – AMIT Learning Institute

Soft Skills

- ✓ Strong communication & teamwork
- ✓ Adaptable in fast-paced environments
- ✓ Quick learner & problem solver

Languages

- Arabic: Native
- English: Upper-Intermediate
